

First, I send 0x5A code (figure 1)

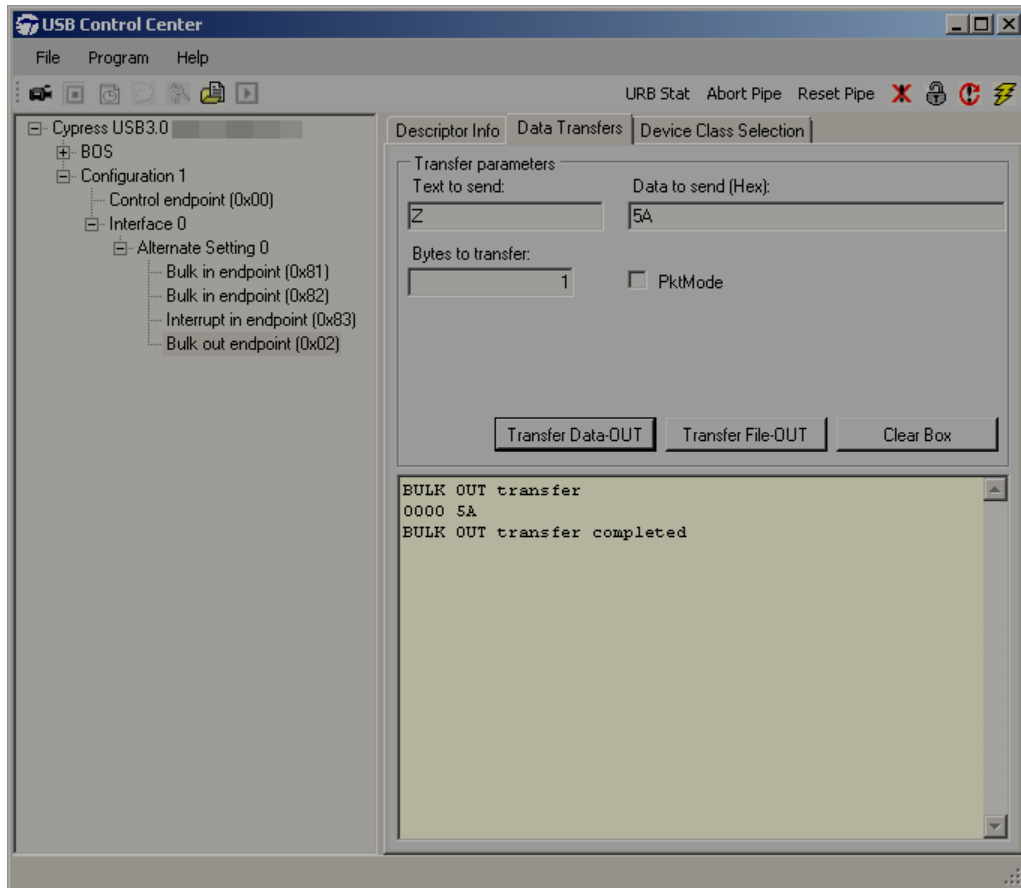

Figure 1

Oscilloscope is shown in figure 2.

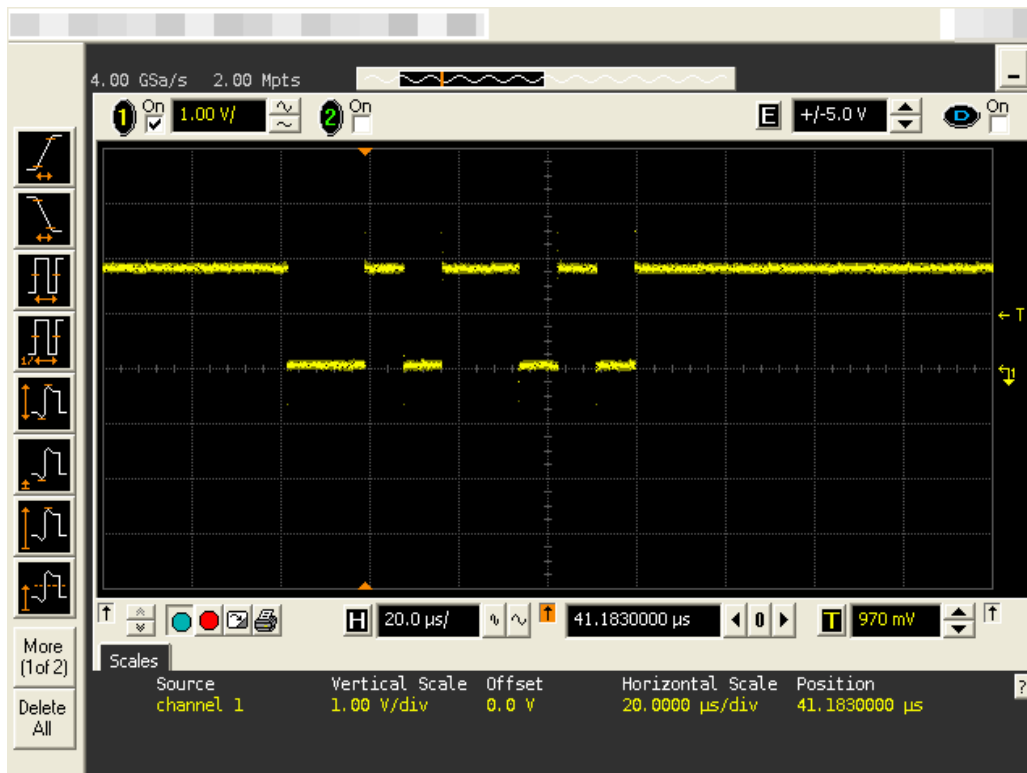

Figure 2

Second, I try to send code 0x7E. After that I see error code 997 (figure 3).

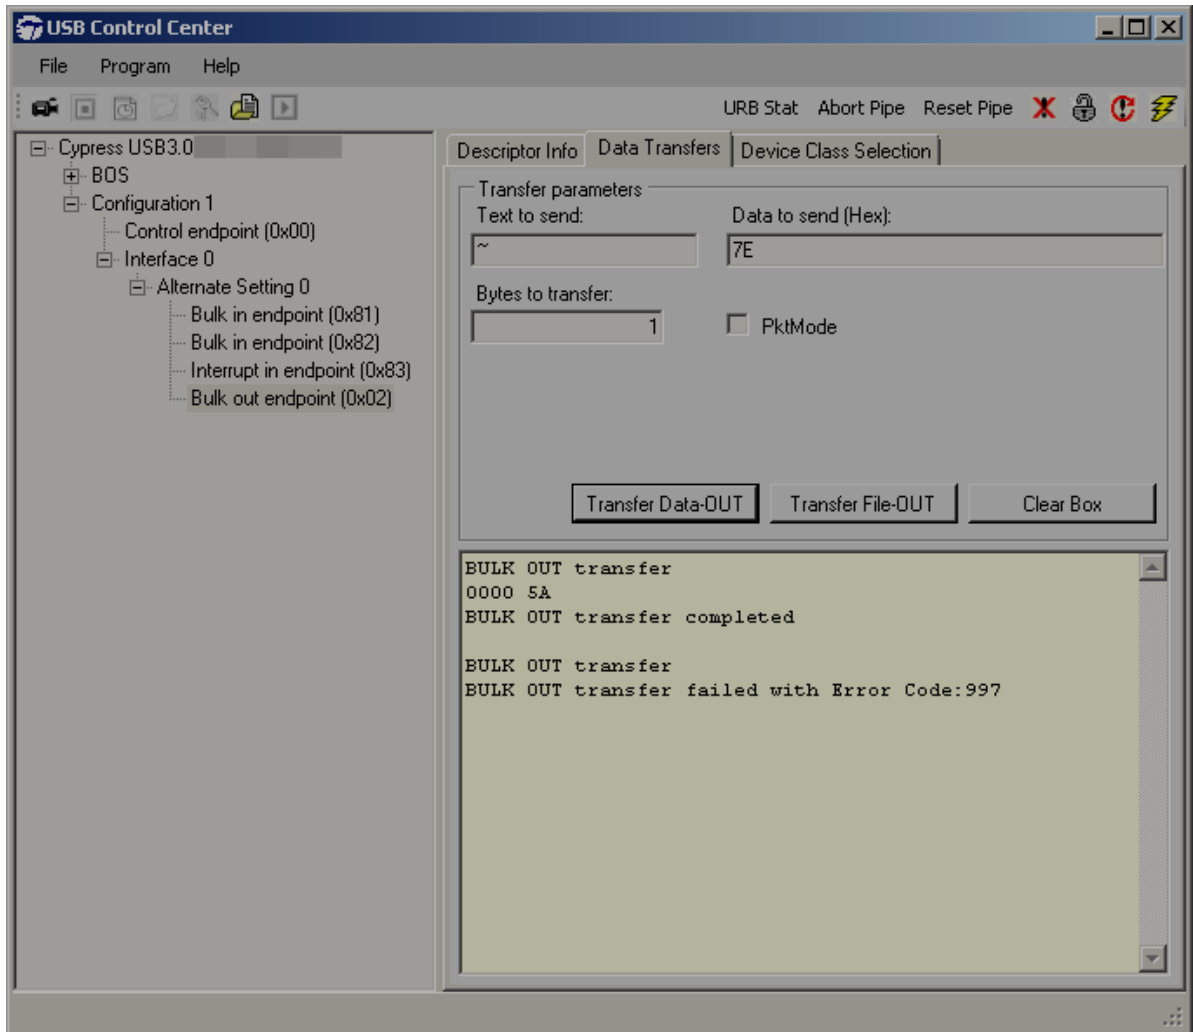

Figure 3

Oscillogram does not exist.

Additionally log-file from USB-trace program (on host) is attached in "usb_trace_log.html" file.
